## Why CHAINMASTER?

The **CHAINMASTER** D8Plus Ultra series combines compact design with high-performance engineering. Featuring dual DC brakes, low-maintenance components, and a robust construction, the motors ensure reliable and safe operation in demanding environments.

With low noise levels and IP55 protection, they are suitable for a wide range of applications.

## A Strong Partnership for the Future

The continued investment in **CHAINMASTER** reflects a long-term partnership built on shared values of quality and reliability.

As production requirements continue to evolve, this collaboration creates a strong foundation for future growth and further expansion of capabilities.

## Expanding the Rental Fleet

As part of its long-term strategy, **Musical Box Rent** has expanded its lifting equipment inventory with 216 **CHAINMASTER** D8Plus Ultra motors, including 100 units with 500 kg, 68 units with 199 kg and 40 units with 1000 kg capacity. This investment further strengthens the company's ability to support complex and demanding productions with increased flexibility and reliability.
